Science Workshop – Tuesday 28th June 10:30-11:30am

Dear Parents/Carers,

As part of this year's Science Week, we have arranged a visit from Ruth and her team at www.sciencedipity.co.uk. Every child in the school will have the chance to attend an exciting and engaging practical workshop, which we believe will encourage a real enthusiasm in our children and further develop their love of science.

If you would like your child to attend, even if it is not their usual session, they are welcome to join us. **However, we would request that parents/carers stay with their children for the duration of this event if it is not one of their usual nursery days so that we have the correct adult/child ratios. Please let the nursery staff know if this applies to you and you are keen to attend with your child.**

Visits are an important and valuable part of a child's education but unfortunately the school is not able to subsidise the full cost, so in order for it to take place we do need to ask for a voluntary contribution of **£2.09**; this covers the workshop, equipment used and two education officers. If your child is eligible for pupil premium, then we would request a voluntary contribution of half of this amount (£1.04). Contributions can be made by cheque (payable to Devon County Council) or online via ParentMail.

We are very much looking forward to this event and are sure that your child/ren will enjoy their experiences and sharing them with you at home.

Thank you for your continued support,

Charlotte Hodgson
KS1 Leader and Science Coordinator
