Leaders, staff and governors have created a culture where pupils' well-being and educational success go hand in hand.

Relationships between pupils and teachers are excellent. Pupils have total belief in their teachers to support them and help them to achieve their best.

Pupils are proud of their school. Their friendly, respectful and welcoming attitudes towards each other and adults reflect the care and respect shown to them by all staff.

Teaching, learning and assessment are good. Teachers use their strong subject knowledge to promote high achievement in a wide range of subjects.

### What does the school need to do to improve further?

Continue to improve teaching to raise pupils' achievement by ensuring that staff create more opportunities to challenge pupils' understanding in all subjects to achieve greater depth.

Improve the quality of leadership and management by strengthening the work of middle leaders and ensuring that the curriculum provides more opportunities for pupils to gain an informed understanding of diverse faiths and cultures to help prepare them for life in Britain today.

## Pastoral Care

We recognise our moral and statutory responsibility to safeguard and promote the welfare of all pupils. We work diligently to provide a safe and welcoming environment where children are respected and valued. We are alert to the signs of abuse and neglect and follow our procedures to ensure that children receive effective support and justice.

The arrangements for safeguarding are effective. There is a strong culture of vigilance, open relationships between all staff, good training and strong community links (Ofsted November 2016).

## Location & Facilities

Decoy Community Primary School has occupied a site of some 1.2 hectares of land on the southern edge of the market town of Newton Abbot since being founded in 1911. It is a larger maintained primary school – with two classes in every year group. Additionally, we have a maintained nursery offering flexible provision our children. The school also runs a Breakfast and After School Club which enables the school to support parents who need additional childcare.

The buildings and facilities have been amended and added to piecemeal over the years. Approximately 18% of the site is covered with buildings, which are of various constructions, sizes and vintages, ranging from the original 1911 brick building to a modern modular build community room opened in September 2014. Hard surfacing covers 30% of the site area, mostly as car parking, pathways and external play surface, leaving the remaining half of the site with tended grass cover and some trees around the southern and easterly boundaries. The school is bordered to the north and west by residential roads and to the south and east by allotment gardens and meadowland.

## Governing Board

We have a committed team of governors who work tirelessly alongside staff to secure the best outcomes for the school. Apart from the Governing Board we have two sub-committees that meet half termly. These are the Learning and Wellbeing Committee and the Business Management Committee.

## Community Links

Decoy is a Community Primary School and we work closely with families to support all children to achieve.

Our active and dedicated Parent Teacher Association support the school, organising fund raising and social events such as the Summer Fete, Easter Fayre, Christmas Bazaar, school disco's, quiz

nights and the monthly lottery to name a few. The money raised allows us to further enrich our children's time at the school and keep the school at the heart of the community.

We work closely with a small group of local schools. Teachers, leaders and governors are working on a shared action plan in order to jointly improve teaching and learning.

The school is a member of the local School Sports Partnership. Our pupils take part in training events, tournaments and festivals.

At Decoy, we are committed to helping to train teachers of the future, through our long-standing partnership with Devon Primary SCITT.

## Looking Forward

Our vision statement is to 'Inspire Positive Futures'. By this we mean that we want to encourage all children to believe that they can be successful. We do this in a school which strives to support all children, in a culture of mutual respect. We want our new staff member to see every child as an individual and to support them and help them to achieve their best.

## Policies

We believe in being open and transparent in our relationships with others. Decoy School website contains an up to date policy section where all of the statutory and many local policies can be viewed.

## Ethos

Decoy Community Primary School actively encourages its children to become caring, hardworking, creative and interesting citizens of the future. Pupils are supported to develop respect for each other and positive relationships.

## Aims

At Decoy Community Primary School, we aspire to:

- Provide a happy and stimulating learning environment which promotes curiosity, creativity, enjoyment and interest in all aspects of learning;
- Provide high quality education suitable for the needs of each child using a wide range of teaching methods and experiences;
- Ensure all members of the school staff are confident in their respective roles, working together as a team, co-ordinated by effective leadership;
- Provide a personal and social education which will encourage children to become independent, confident, self-disciplined and courteous;
- Create a school environment which is welcoming, visually inviting, and which is safe and secure for all members of the school community.

## Values

At Decoy Community Primary School our four values (Try your best, Think of Others, Make the Right Choices, Have-a-Go) enable the children to become effective members of the school community. Our values are embedded in our school environment in addition to our teaching and learning to ensure that they are at the forefront of what we do.

As well as supporting our children with how they relate to others, our values also enable our children to become better learners. Children are taught that the purpose of our values is to support them to achieve in school and also in life.

Our four values are merely headlines for a wide range of 'Learning to Learn' skills. These skills are taught discretely and referred to regularly and explicitly so that over time the children develop a deeper understanding of the skills they need to learn in relation to the four values. These skills are referred to as the key skills.
