

## **Next Week in Year 1**

### **Week Commencing: Monday 4th July 2022**

<b>Literacy</b>	We will be finishing our book, 'Daisy Doodles' by Michelle Robinson. The children will be creating their own version of the story, including their own characters and settings.
<b>Phonics and Spelling</b>	This week, we will be continuing to work in our phonics groups and refreshing our sound knowledge from last week. The children will be applying their phonics and reading skills, reading red 'tricky' words and recognising pseudo (nonsense) words as well. They will also be reading multisyllabic words and breaking them up to aid in reading.
<b>Maths</b>	We will be as re-capping several topics, including: quarter and half turns, arrays, counting backwards and subtracting. They will be applying their skills and using their prior knowledge to support their learning.
<b>Challenge Time</b>	The children will be completing a range of activities based around Summer as they are completing some final assessments for the year.
<b>Homework</b>	Please find the homework at the bottom of this sheet. Homework is due in on 6.7.22. Please take a picture or video of your child's homework and upload it onto Tapestry.
<b>Messages</b>	Could you please ensure that your child is bringing a coat to school each day. Please can you ensure that any reading and book bag books sent home are returned on a Friday. Please can all children bring their P.E kits in ready for Monday. If you have any junk modelling items (e.g. plastic bottles, cardboard boxes, washed-out yoghurt pots, etc.) we would be grateful if you could bring them to school for the children to use. Thank you As the weather begins to get brighter, please can they bring in their own sun cream. If you need to contact your child's teacher please email us at, <a href="mailto:sparnell@decoyschool.co.uk">sparnell@decoyschool.co.uk</a> , <a href="mailto:esimpson@decoyschool.co.uk">esimpson@decoyschool.co.uk</a> (Monday to Wednesday), <a href="mailto:hcammack@decoyschool.co.uk">hcammack@decoyschool.co.uk</a> (Thursday and Friday)

### **What can you do at home?**

Here are some optional ideas to support your child's learning at home.

- Read lots of different stories and talk about the characters. What do they look like? Do you like them? Why?
- Encourage any form of writing or phonics practice that your child can do.
- Test them on their number bonds to ten knowledge (numbers that add to 10)

We would like the children to pick their favourite number between 11 and 20- it could be just their favourite number, or their favourite Numberblocks character. Can they:

Draw a picture of their number?

Write it as a word?

Write three facts about their number (it could be number sentences or whether it is odd/even, etc.)?

Partition it into tens and ones? Can they show it in a part-whole model?

As an added challenge, can they write all of the numbers from 11-20 as words?

Please upload any completed work to Tapestry. We look forward to seeing their fantastic work!
